

PECB Advanced Auditing Techniques Courses Delivered Worldwide

PECB

www.pecb.com

SUMMARY

Organized and designed based on the principles of continual improvement and development, the Advanced Auditing Techniques training event will take place in multiple countries around the world. This event will provide an opportunity for attendees to engage with the industry's best and brightest thought leaders who will share their perspectives on how to best deliver audit services, and help the participants expand their knowledge and skill set to better serve their companies.

WHAT WILL YOU GET OUT OF IT?

The AAT training course offers an exceptional chance for professionals and leaders from around the world to gain the skills and knowledge needed to improve their performance or start a career in auditing management systems.

This event is designed for participants who aim to develop the necessary knowledge to plan and perform audits in compliance with best known practices, including ISO 19011 and ISO/IEC 17021-1. Moreover, in order to perform PECB Audits, all interested individuals need to pass the AAT exam.

Participants can obtain the Certified Management System Auditor title which will enable them to perform Management System Audits.
